

Datasheet of Screwless 3-Pin Gland

Product Name	Screwless 3-Pin Waterproof Gland IP68
Product SKU	ML-EW-M20-3P

Product Characteristics

- Screwless design for effortless 3-pin waterproof connections
- Made from durable PA66, copper alloy, and silicone
- Withstand Voltage: 2500V, Temp Range: -40°C to +105°C
- Certified by CQC, UL, TUV, RoHS, and CE
- User-friendly, hassle-free installation
- Rigorous 12-step testing ensures reliability
- Versatile for indoor/outdoor use
- Enhanced grip for secure connections
- 1 Year Warranty

Application	Residential, Commercial, Industrial
-------------	-------------------------------------

Product Specification

Flame Rating	UL94 V-2
Rated Voltage/Current	450V / 16A
Withstand Voltage	2500V
Cable	0.5mm ² ~2.5mm ²
Ingress Protection Rating	IP68
Operating Temperature	-40°C + 105°C
Main Materials	PA66, Copper Alloy, Silicone
Diameter Wire	9-12mm
Certifications	CQC/UL/TUV/RoHS/CE
Warranty	1 Year
